## **PRESS RELEASE**

---

### **First Ultra Low Sulfur Diesel for Surinamese fishing boats**

Staatsolie resumed fuel supplies to fishing boats on 1 April. Due to the construction and startup of the refinery the delivery to fishing vessels was halted for nearly two years.

Two boats from Marisa Fisheries were fueled at the Staatsolie jetty at Tout Lui Faut with respectively 60,000 and 80,000 liters of diesel. On April 2, another fishing boat was loaded with 80,000 liters of diesel.<sup>3</sup>

With the supplying fishing vessels Staatsolie supports the Surinamese fishing industry with a high quality product. The monthly diesel requirement from fishing boats is 5,000 barrels.
